About Me

Enthusiastic Django Developer Intern with hands-on experience in developing and maintaining web applications. Strong ability to write clean, efficient code and collaborate with cross-functional teams to deliver high-quality projects. Skilled in addressing technical challenges and implementing innovative solutions to enhance application performance. Eager to contribute to dynamic development environments and drive impactful results.

EDUCATION

BSc in Computer Science and Engineering 2022

International Islamic University Chittagong

Coursework in Django, Net development and React

Project

1.Title: The Daily Truth

2.Technology used: Django

3.Descriptions: Django based website, backend built in Django and frontend built in Django using Django template engine. It has custom authentication. In here, SQL lite used as database.

Outcome: It's a news article website. People can post read news articles. People also can search filter news, categories, author as their wish.
